Opis produktu

Brembo 4-Pot Big Brake Kit – 320×28 mm Full Floating (Motorsport Spec)

New version of our ultimate brake kit featuring a **proprietary 320×28 mm fully floating disc mounted on a lightweight aluminum bell**.
This is a true motorsport solution designed for maximum thermal resistance, zero warping under extreme temperatures, and consistent braking performance during intensive track use.

Kit includes:

- Brand new Brembo 4-piston calipers (red; optional OEM gunmetal grey available)
- CNC-machined adapters made from 7075-T6 aluminum, hard-anodized, with hardened steel thread inserts
- Custom 320×28 mm **full floating discs** with aluminum bells (serviceable rotor ring design)
- Brembo brake pads + fitting kit
  (optional Lava TW2 track compound available)
- Complete 12.9 grade mounting hardware
- Optional braided stainless steel brake lines (4 wheels)

Key advantages of the full floating setup:

✔ Superior heat management
✔ Free thermal expansion – no disc deformation
✔ Reduced cracking risk
✔ Lower unsprung mass
✔ Motorsport-grade construction

⚠ **For motorsport use only. Not approved for public road use. No road homologation.**

We strongly recommend adding the dedicated brake cooling kit (special version developed for 320 mm discs available at package price).

Produkt posiada dodatkowe opcje:

choos pads option: Lava TW2 (+ 1 200,00 zł), no pads , brembo road pads (+ 250,00 zł)

braided brake lines (black): no , yes (+ 600,00 zł)
Rear slotted discs (Brembo): no , yes (+ 550,00 zł)
